### Welcome to Hispanocare!

You may not realize it, but good health could be your most valuable possession. That's why there's Hispanocare®, a program dedicated to your good health.

### What is Hispanocare?

Hispanocare is a network of two hospitals and hundreds of highly skilled physicians and specialist located throughout Chicago. All Hispanocare affiliated hospitals and medical offices have physicians or professionals staff members who can speak to you in Spanish about your health problems and concerns. We understand your language and culture and want you to feel comfortable with your health care.

### How Does Hispanocare Work?

Each time you use a Hispanocare network provider you receive a 20 percent discount on the portion of your medical expenses not covered by your insurance.

For example, if you were hospitalized and you have a bill for \$11,000, and your insurance covers 80 percent of that bill (8,800), you are still responsible for paying the remaining \$2,200. As a Hispanocare member, you receive a 20 percent discount on \$2,200. You pay only \$1,760, a saving of \$440. "This discount does ***not*** ***apply*** to any deductibles or co-payments. These must be met before any discounts are applied." In addition to discounts on hospital and doctor bills, Hispanocare members also save money on dental, eye and foot care, chiropractor, prescription drugs, Hearing aids, and several other services.

Best of all, as a Hispanocare member, you have access to hundreds, of highly skilled physicians and specialists. The Hispanocare Provider Directory provides the names and addresses of all participating physicians.

***"Because we are not an insurance plan, all providers accept any and all pre-existing conditions, have no limitations, and have no claim forms to complete."***

### What else does Hispanocare offer?
