

Advocate Family Care Network

Psychotherapy & Counseling Services

For Information and Services Please Call Our Intake Department At 1-800-216-1110

Advocate Family Care Network is a behavioral health outpatient division of Advocate Health Care. Based on the principle of whole-person care, this not-for-profit service of Advocate Health Care provides a complete range of confidential psychological services for a diverse population of individuals, children, adults, couples, families, and employers.

Advocate Family Care Network was founded in 1982 and now has two office locations (Oak Lawn and Bolingbrook, IL) within the Chicago metropolitan area serving as valuable resources to communities and managed care programs throughout the area. Our professional staff consists of licensed clinical psychologists and licensed clinical professional counselors (LCPCs).

Clinical Services

Advocate Family Care Network provides a range of adult, adolescent, child and family outpatient psychotherapy and counseling treatment services including:

- **Individual psychotherapy/counseling** can address self-esteem, depression, anxiety, lack of purpose or meaning in life, coping with loss, anger, regret, work issues, and scholastic problems.
- **Couples & Marital psychotherapy/counseling** can address issues of poor communication, relationship problems, substance abuse family issues, divorce issues, and relational challenges.
- **Family psychotherapy/counseling** can address difficulties that involve the entire family, such as parent-child conflicts, child and adolescent behavioral difficulties, and adjustments in blended and step-families.
- **Foster care assessment & psychotherapy/counseling services** for children, adolescents, and families that are in the DCFS and foster care system.
- **Other services** include ADHD testing and treatment, child and adolescent therapy, stress management, and lecture presentations that are provided to the community on child sexual abuse awareness and prevention and on other behavioral health topics.

Appointments and Fees

An initial appointment may be conveniently scheduled by calling the AFCN Intake Center at 1-800-216-1110. Therapists arrange appointment times directly with their patients. Advocate Family Care Network participates in many HMO and PPO managed care plans. Medicare is accepted but Medicaid is not accepted at this time. Our therapists have appointments from Monday to Friday (mornings to evenings) and Saturday (morning to afternoon).
