

Maternal Health

For new moms from pregnancy and beyond

Advocate Health Care is committed to supporting you at every stage of your pregnancy. That's why we're proud to offer comprehensive care for expectant moms at select offices throughout South Chicago.

Easy appointment access

Same- and next-day "Welcome to OB" appointments.

Support during pregnancy and beyond

We connect new moms with doula services, lactation support, milk bank resources, support groups and baby essentials such as clothing and diapers.

Maternal health navigation

Get prenatal education and help managing pregnancy-related conditions, including gestational diabetes, pregnancy-induced hypertension, asthma and maternal-fetal health needs.

Community resource connections

We can help connect you with support for food, transportation, medications, domestic violence services, job training, utilities assistance and more.

Pregnancy centering program

Expectant moms with similar due dates come together for interactive education, personalized care, shared support and more time with health care providers.
