Program facts

- 100% of children and adolescents treated in 2025 were discharged home after achieving their rehabilitation goals—demonstrating outcomes above regional and national averages.
- 0% of children and adolescent patients required further medical care and were transferred to a medical unit for additional treatment in 2025.
- Our rehabilitation team is skilled in caring for children and adolescents with a wide range of medical and traumatic injuries, often serving patients with greater disability and medical complexity than those typically treated at other facilities, both regionally and nationally.
