Advocate Good Samaritan Hospital is the leading health care provider in Chicago’s western suburbs offering a Level I Trauma Center and a certified Level III neonatal intensive care unit. Patients have access to the most advanced treatment in the areas of cardiology, oncology, neurosurgery, orthopedic surgery, general surgery, gastroenterology, stroke care, obstetrics and gynecology, low-dose diagnostic imaging, and a comprehensive breast center.

Over its 40-year history, Advocate Good Samaritan has evolved into a national leader in health care. It has earned the American Nurses Credentialing Center Magnet® recognition for nursing excellence. It is the only health care organization in Illinois to earn the prestigious Malcolm Baldrige National Quality Award, achieving the honor in 2010. Advocate Good Samaritan is part of Advocate Aurora Health, the 10th largest not-for-profit, integrated health system in the United States. We help people live well.

**Advanced Technology**

- EOS Imaging System is a low-dose, 3-D imaging system that scans the entire body in less than 20 seconds and delivers extremely detailed spine images helping physicians decide the right course of treatment.

- WATCHMAN is a permanent heart implant that effectively reduces the risk of stroke, without the risk of bleeding that can come with the long-term use of blood thinners.

- Medtronic O-Arm is advanced intraoperative 3-D imaging that provides better visualization for spine and brain surgery.

- Nuclear cardiology offers revolutionary cardiac imaging with reduced scan time and radiation dose.

- Automated Breast Ultrasound (ABUS) provides advanced 3-D imaging technology for radiologists to read and interpret dense breast tissue exams.

- State-of-the-art linear accelerator targets tumor areas more effectively while reducing common side effects.

- elICU provides around-the-clock, real-time audio and video monitoring of critical care patients from one central command center.

- Biplane interventional X-ray system enables high-quality image guidance for a range of minimally invasive cardiac procedures.

- Multi-chamber hyperbaric oxygen therapy increases blood oxygen and promotes healing.

**Clinical Excellence**

- Level I Trauma Center offers 24-hour specialty care while serving as a resource to the Level II trauma centers in the region.

- Certified Level III Neonatal Intensive Care Unit (NICU), the highest designation in Illinois, provides expertise needed to care for the highest risk moms and most critically ill babies around the clock.

- Bhorade Cancer Center (opened 2017) offers both state-of-the-art radiation oncology and chemotherapy services under one roof. The newly-designed space provides a comfortable environment for treatment while enabling collaboration among a multi-disciplinary team of doctors, nurses, navigators and other expert staff.

- Surgical Care Pavilion includes 15-ultra-modern operating rooms, 18 private patient recovery bays, centralized sterilization processing and 38 private patient beds in a same-day surgical unit.

- West Tower expansion (opened 2017) houses 96-private patient rooms and state-of-the-art technology that improves patient safety. The three-story addition was designed to make patient care more efficient for physicians and nurses while improving the comfort and accessibility for visitors.

- Spine Care Center (opened 2017) offers the most advanced tools for diagnostics and minimally invasive treatment for back and spine disorders. The world-class, multi-disciplinary team of spine specialists treat both adults and children.

**Community Commitment**

- NAMI Connections supports people in recovery from mental illness.

- Friends of Share offers counseling and emotional support to families experiencing grief, loss and challenges during and after pregnancy.

- Why Wait Clinic offers free mammograms, clinical breast and pelvic exams.

- Pro Active Kids addresses childhood obesity.

- Access DuPage provides access to medical services for low-income and medically uninsured residents.

- DuPage PADS receives fresh sheets, pillow cases, towels and wash cloths for overnight housing sites for the homeless.

- Matter of Balance is a free, community-based program for older adults that aims to reduce their fear of falling and improve activity levels.
