About Advocate Health Care

Advocate Health Care, nationally recognized for clinical excellence, is the largest fully integrated health care delivery system in Illinois. Advocate is a not-for-profit provider that is affiliated with both the Evangelical Lutheran Church in America and the United Church of Christ. Its faith-based mission is to serve individuals, families and communities through a wholistic approach that provides quality care and service and treats each patient with respect and dignity. Advocate Health Care is part of Advocate Aurora Health, the 10th largest not-for-profit, integrated health system in the United States. We help people live well.

Clinical Excellence

- Provides inpatient and outpatient services, home health services, hospice, counseling, physician services, and health care education programs; recognized for clinical excellence in trauma, cardiovascular services, cancer care, neurology, neonatal care, pediatrics and diagnostics

- Offers more 3D mammography locations than any other health system in Illinois

- Provides services for complex surgeries during pregnancy and neonatal periods; first in Chicagoland and one of only 33 medical centers in North America performing advanced in-utero fetal therapy procedures

- Trusted to treat more hearts than anyone in the state

- Operates five Level I (highest level) trauma centers—nearly one-quarter of all Level I trauma centers in Illinois and is the largest trauma system in the state; three Level II trauma centers; 20 percent of trauma patients in metropolitan Chicago are treated in an Advocate trauma center annually

- Administers 200 active cancer treatment research studies throughout the system

- Leads region’s largest medical group with locations across metropolitan Chicago and Central Illinois; operates state’s largest network of pediatricians and pediatric subspecialists

- Educates medical students, residents and fellows at four teaching hospitals (more than 2,000 rotations)

- Trains more primary care physicians than any non-university teaching hospital in the state

- Treats more cancer patients than any other system in Illinois

- Performs advanced clinical treatment including; TAVR, a minimally invasive alternative to open heart surgery for high risk patients; Robotic da Vinci Surgical System, the latest and most advanced option for minimally invasive surgery; CyberKnife Radiosurgery, and treat lung cancers using this technology

- Provides heart, kidney, lung and bone marrow transplants and one of the nation’s top five busiest VAD/heart pump programs
