PRIMARY RESPONSIBLE FACULTY MEMBER: Cynthia Ohata, MD
COURSE COORDINATOR: Jeanette Gooden
CONTACT: jeanette.gooden@aaah.org
708-857-5902

PROGRAM DIRECTOR: Roxanne Smith, MD
ASSOCIATE PROGRAM DIRECTOR: Cynthia Ohata, MD
DURATION OF COURSE: 4 Weeks
RESIDENT INVOLVEMENT: Yes
NUMBER OF STUDENTS EACH COURSE: One
QUARTERS IN WHICH COURSE IS OFFERED: All
HOURS PER WEEK OF LECTURE: Approximately 7
PREREQUISITES: 4th year status, LCME-accredited medical school

GENERAL DESCRIPTION: During this rotation, the medical student will be embedded in the Family Medicine inpatient team at Advocate Christ Hospital. This team simultaneously cares for Adult, Pediatric, Obstetric and Newborn patients across Advocate Christ Medical Center and Advocate Children’s Hospital – Oak Lawn. The combined ACMC-ACHOL campus is home to 1000 hospital beds and more than 2000 medical staff physicians.

OBJECTIVES: At the end of this rotation, our sub-intern should be able to
1. Demonstrate improved history and physical exam skills
2. Practice improved skills of assessment and plan for hospitalized patients
3. Utilize increased knowledge of and facility with evidence-based and patient-centered care of the hospitalized patient
4. Apply enhanced experience and skill with professional and interpersonal communication
5. Appreciate the breadth and depth of Family Medicine inpatient care – in both the population served as well as the medical issues managed

COURSE EVALUATION: Standard evaluation form obtained by the student from the Curriculum Office.

STUDENT EVALUATION: Standard evaluation form from student’s medical school.
FM Inpatient Sub-I Elective Process

4th year students must call for the SUB-I elective availability or school coordinator may email request on student’s behalf. This elective open starting March 1st. Only 1 student per 4-week block will be accepted. This is a 4-week rotation with the family medicine inpatient service team. The student will be supervised by a family medicine faculty member and residents. There is no family medicine ambulatory experience during this rotation. The student does not have to be from one of the affiliate schools (CCOM, RFU, UIC & RUSH). However foreign medical school students are not permitted clerkship or observership opportunities at Advocate Christ Medical Center.

- All paperwork for this rotation will be required 3-weeks prior to the start of the rotation or the rotation will be canceled.

- AMC Immunization paperwork is not required from CCOM, RFU & UIC students (paperwork is verified from UGME - Medical Student Information Report). The AMC Medical Student Information Form must be completed by all students and emailed back to the coordinator so, that an EPIC account can be created for computer access.

- Non-Affiliated school students – must complete the AMC medical student Information form and clearance forms. These forms can be retrieved from the website or the coordinator will email the student the forms. These forms are to be emailed back to the coordinator for approval.

- The student must email the coordinator a jpeg picture so that an ID badge can be created. The ID badge will be available for the student to pick-up on the start date of the rotation. The student is emailed the SUB-I rotation Reporting Instructions, Parking Pass Form and Computer Access information one week prior to start of the elective.

- Student will have evaluations completed at the conclusion of rotation and taken back to their school or evaluations will be forwarded to the coordinator to send to the school.
