Parker J. Palmer
Courage to Teach Award

This award is given by ACGME to program director who finds innovative ways to teach residents and provide quality health care while remaining connected to the initial impulse to care for others in this environment. “Good teaching cannot be reduced to technique; good teaching comes from the identity and integrity of the teacher” Parker J. Palmer The Courage to Teach

Ambulatory Experience

Nesset Pavilion

Level 3 Recognition
by National Committee for Quality Assurance (NCQA) as a Patient Centered Medical Home
Ambulatory Experience

- Multispecialty office with on-site laboratory, imaging, Social worker, and pharmacists
- Combined Resident/Faculty Primary Care Practice
- Diverse primary care patient mix
- PEAC Ambulatory Care Curriculum supported through John Hopkins
Ambulatory Experience

9198 patient visits

“Definitely one of the highlights of my training at Lutheran General”

“Prepares you well for a busy, complex primary care practice”

“Excellent teaching and supervision”
Ambulatory Experience

Mentorship Program

Intern mentoring with dedicated supervisor and intern-oriented curriculum for entire PGY 1 year
Teaching Opportunity

University Affiliations

- University of Illinois
- Chicago Medical School
- Midwestern University
Outside Rotation Opportunity

For PGY2 and PGY3 in good standing.

Recent Examples:

- Gastroenterology/Hepatology at Rush University Medical Center
- Oncology at Loyola University
- Cardiology at Loyola University
- Endocrinology at Chicago Medical School
- Gastroenterology at University of Illinois at Chicago
- Infectious Disease at Rush University Medical Center
- Rheumatology at Rush University Medical Center
- Cardiology at Rush University Medical Center
- Nephrology at Loyola University
- Hematology at Loyola University
- Pulmonary at University of Chicago
Serving the Underserved

- Community Health Clinic
- International Opportunities

(Funding available from the Medical Staff Office)
Research Opportunity

- Faculty in multiple disciplines design and implement independent clinical research
- Participation in National Trials
- Presentations and Publications by residents: national and regional events
- Clinical vignettes, case series, review articles, clinical and research posters, independent clinical or basic science research
Research Opportunity

James R. and Helen Russell Institute for Research and Innovation

- Centralization and coordination of research activities
- Partnering with basic science researchers and sponsored grants office at RFU-CMS
- Nurturing a culture that actively encourages, recognizes and supports clinical research and innovation
- Support, train and educate health professionals and trainees
- Building strong partnership with university, industry and community
2014-2016 Board Pass Rate

ABIM  85%
AOA  100%
Board Preparation Tools

- Longitudinal Board Review: MKSAP-based review
- In-Training Exam: with individual analysis of ITE scores for each resident
  - ITE Enrichment Program
- Independent Study
- Ongoing redesign of Curricula
Evaluation Process

- 22 Milestones required by ACGME and ABIM
- Feedback twice during each rotation with teaching attending
- Formal evaluation at the end of each rotation
- Peer, faculty and self-evaluations
