Diagnosis: Neurological Problem
Our program typically treats patients with neurologic conditions such as:
- Parkinson’s Disease
- Multiple Sclerosis
- Neuropathy

Total number of patients treated with a neurological condition in 2018: 123
Average age of patients with a neurological condition treated in 2018: 63
Average length of stay for patients with a neurological condition treated on our Rehab Unit in 2018: 14 Days

Our program offers:
- Support groups
- Education and resources to promote lifestyle behaviors that promote wellness and longevity

Program facts
- Most patients are discharged home when they have achieved their established goals. The remaining patients are discharged to another level of care.
- The Advocate Lutheran General Hospital rehabilitation program exceeds regional and national averages in achieving independence with mobility, dressing, grooming, speech, language and mental skills.
- Our Rehab team has the skills and capabilities of treating patients with a stroke as we serve more disabled and medically complex patients than those served in other facilities in the region and nation.
- It is not uncommon for some patients to need additional medical attention and our physician can transfer patients to a medical floor in the hospital, if needed.
- The overall patient satisfaction for 2018 was in the top 10 percent of the nation.
